CORTECH ENDURANCE ALL PURPOSE SHELF 2.0

SKU: CT8600

The versatile Endurance All-Purpose Shelf 2.0 offers a larger footprint than the regular All-Purpose Shelf and can be used as a shelf OR a step. For typical use as a shelf, simply bolt it to the wall with the angled side facing downward. To use as a step to the Endurance Wall Bunk or to reduce potential ligature points, turn the shelf 180 degrees so the angled side faces upward. This provides a more stable foot placement and causes ligature to slide off.

Features:

- Durable, one-piece, rotationally molded design for increased strength.
- Constructed of high-impact “no break” polyethylene.
- No steel or wood components.
- Can be installed in either direction depending on application and user preference
- Use as a shelf for a TV, books, or small belongings, OR as a step to climb onto an Endurance Wall Bunk
- Bolt to the wall via concealed pilot holes with hardware of your choice
- Easy to clean and maintain
- Flame Retardant (passes Cal 133). Test reports available upon request.
- Manufactured to ISO Quality Standards in the USA

<u>Item Number</u>	<u>Color</u>
