CASH BAGS

SKU: PCCA59

The CashBag secure property bag is an ideal disposable bag for the handling of cash in both evidence and inmate property. Each CashBag as well as the adhesive liner, is sequentially numbered to prevent bag switching and to establish an audit trail.

- CashBag's tamper-evident closure is premounted over tape with a serrated edge.
- This patented closure is the most unique closure available.
- Clear polyethylene films are extra tough to hold up under transportation and handling.
- Special side seals discourage tampering.
- Writing areas on the bag assist in establishing a custody trail.
- Measures: 6" x 9"
